# 99.ONE

## Band Profile

We are 99.ONE, a Catholic band from the UK. Once a distant dream, our band officially became a reality in the year 2022. However, this journey began in the winter of 2011, during the talent workshop organised by the Jesus Youth movement in the UK, where we were inspired and encouraged to dedicate our talents to the service of God's kingdom and to nurture them for His divine purpose.

## B i o

We began by supporting the movement through music at retreats, conferences, and outreach events, gradually honing our abilities in song writing, composition, and ministering through music. As a music ministry, we found immense joy in utilising music's power to unite, heal, worship, and most importantly, spread the Father's love.

As time passed, our ministry evolved, kindling within us a fervent dream—to form a band dedicated to evangelising through music. Our aspiration is to fearlessly glorify Christ and echo His boundless goodness. We yearn to stand tall as a beacon on a hill, proclaiming His might and endless mercy.

Our stories, now woven into songs, are not just narratives; they are anthems of redeemed lives and saved souls, echoing our gratitude for a faithful God who tirelessly seeks His lost sheep and never abandons them. And so we became 99.ONE, a collective of musicians eternally grateful for being found by our Saviour each day.
